my dear Susie

I received your card. I suppose the reason
day you must have gotten
my letter. I don't wonder
you thought I had forgotten
you but I think of you
every day, especially the
baby. Perhaps, if you can
find this mark X you can
see me looking out a new
bedroom window. The
bridge on here is no more.
One of these days I will send a
card of the new one. Grace.
