

## BRIDGES ACROSS MISSISSIPPI RIVER

Memphis, Tenn.

The bridge on the right is the Frisco Railway Bridge built in 1892. The center bridge is the Harahan Bridge built in 1916. The bridge on the left is the Tennessee-Arkansas Bridge built in 1949 at a cost of over sixteen million dollars. It is a four-lane highway with pedestrian walkway. The Mississippi River is approximately one-half mile wide at Memphis.
